TO: Mayor and City Council

FROM: James D. Hock, Interim City Manager

SUBJECT:

Award a Contract for the Mirage Subdivision - County Line Road Drainage Improvements - 2020 to P.T. Ferro Construction Co. in the amount of \$ 144,507.98

BACKGROUND:

During a large rainfall event in May 2020, the Mirage Subdivision flooded due to rainfall runoff from the farmland upstream of the subdivision. The rainfall runoff was large enough to wash existing agricultural debris off the farm field and into the storm sewer drainage system designed to bypass the water through the subdivision. The agricultural debris blocked the storm sewer causing the water to back up into the streets and homes of the subdivision.

The City of Joliet worked with the HOA to get the grates removed from the storm sewers connecting the detention basins within the south half of the subdivision. In addition, the City identified several measures within the County Line Road right-of-way to help with the issue. These measures include the extension of a farm debris fence, deepening the ditches on the west side of County Line Road, and an overflow spillway from County Line Road to the storm detention basin at the northeast corner of the intersection of County Line Road and Desert Drive. This project was advertised on Thursday, August 20, 2020. The Public Service Committee will review this matter.
