kmihelich@jolietcity.org

June 17, 2014

To the Honorable Mayor, Members of the City Council And the Citizens of the City of Joliet:

Letter of Transmittal

The Comprehensive Annual Financial Report (CAFR) of the City of Joliet, Illinois for the year ending December 31, 2013 is hereby submitted. This report provides a broad view of the City's financial activities and its financial position as of December 31st, 2013. Illinois statues and local ordinances require all general purpose local governments to publish annually, a complete set of financial statements presented in conformance with Generally Accepted Accounting Principles (GAAP) and audited in accordance with Generally Accepted Auditing Standards (GAAS) by a firm of licensed certified public accountants.

Responsibility, for both the accuracy of the data and the completeness and fairness of the presentation, which includes all disclosures based upon a comprehensive framework of internal control, rests with the management of the City. Because the cost of internal controls should not exceed the anticipated benefits, the objective of this report is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner that presents fairly the financial position and results of operations of the various funds and component units of the City of Joliet. All disclosures necessary to enable the reader to gain an understanding of the City of Joliet's activities have been included.

Wermer, Rogers, Doran & Ruzon LLC, a firm of licensed certified public accountants, has audited the City of Joliet's financial statements. The goal of the independent audit was to provide reasonable assurance the financial statements presented for the year end are free of material misstatement. The independent audit involved the examination, on a test basis, evidence to support the amounts and disclosures in the financial statements; assessment of the accounting principles used and the significant estimates made by management; and evaluation of the overall presentation. Based on their work, the independent auditor concluded that there was a reasonable basis for rendering an unqualified opinion that the financial statements presented in the financial section of this report were presented in conformity with GAAP.

As a recipient of various federal and state grant funds, the City of Joliet is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996 and the U.S. Office of Management and Budget Circular A-133, Audits of State, Local Governments and Non-Profit Organizations. The audit contains information as to whether activities related to grant funds are presented fairly in the general purpose financial statements; internal controls are sufficient to provide reasonable assurance that the funds are managed properly; and compliance with grant requirements. The single audit report is issued as a separate report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a Management Discussion and Analysis (MD&A). This letter of transmittal is designed to complement and should be read in conjunction with the MD&A. The City of Joliet's MD&A can be found immediately following the report of the independent auditors.

Profile of Government

The government, incorporated in 1852, is a home rule unit of government, located in the northeastern part of the Illinois, which has long been considered to be the top growth area in the state. The City currently has a land area of 63 square miles and a population of 147,433, as of the 2010 U.S. Census. The government is empowered to levy a property tax on real estate property located within its boundaries. The City also has the power by state statute to extend its corporate limits by annexation, which is done periodically when deemed appropriate by the City Council.

The City has operated under the Council-Manager form of government since 1955. Policymaking and legislative authority are vested in the City Council, which consists of a mayor and an eight-member council. The City Council sets policy for the City, adopts ordinances and resolutions, adopts the annual budget and approves all expenditures. Council members are elected to a four-year staggered term with three at-large council members and five district council members elected every four years. The Mayor is elected to a four-year term. The Mayor and Council members are elected on a non-partisan basis. The City Manager is responsible for carrying out the policies and ordinances of the City Council, overseeing the day-to-day operations of the City and appointing the directors of the City's departments.

The City provides a full range of services including police and fire protection; refuse disposal, recycling and yard-waste collection; parking management; construction and maintenance of highways, streets and infrastructure, as well as water and wastewater treatment facilities. The City owns Silver Cross Field, home to the Joliet Slammers baseball organization and operates Bicentennial Park; both are located in downtown Joliet. The accompanying report includes all funds and subsidiary accounts of the primary government, the City of Joliet as legally defined, as well as its component units. The Joliet Public Library, the Will County Metropolitan Exposition and Auditorium Authority (commonly known as the Rialto Square Theatre), and the Joliet Area Historical Museum are reported as discretely presented component units. Component units are legally separate entities, for which the City is financially accountable.

Additional demographic information can be found in the statistical section of this report.

Accounting System and Budgeting

The accounts of the City are organized on the basis of funds, with a separate set of self-balancing accounts that comprise its assets, liabilities, deferred inflows/outflows, fund equity, revenues, and expenditures/expenses. Resources are allotted to, and accounted for within individual funds based upon the purposes for which the funds are to be spent and the means by which the spending activities are controlled.

The City's accounting records for governmental funds are maintained on a modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when measurable and available to liquidate obligations of the current period. Expenditures are recorded when a liability is incurred that is expected to draw upon current financial resources. At year-end the City makes certain adjustments to the accounting records to permit preparation of certain financial statements on the accrual basis to comply with GAAP.

The annual budget serves as the formal foundation for the City's financial planning and control. The City Manager, officially designated as the "Budget Officer," presents a recommended budget to the City Council, a series of public hearings are held, and final adoption of the budget occurs before December 31st in accordance with state statute. The City continues to work towards developing a long range strategic/financial plan in cooperation with the annual budget process. A budget to actual comparison is provided within the required supplementary information subsection at the end of the financial section of this report.

Factors Affecting Financial Condition

The information presented in the financial statements is best understood when it is considered from the broader perspective of the specific environment which the City operates.

Local Economy: The City of Joliet is the fourth largest city in Illinois; and like most other communities, the City experienced the effects of the national economic recession of the last several years. However, despite the current economic state, the City has continued to move forward and diversify its economic development portfolio. Since 2008, the City has been transitioning from residential growth to transportation and business growth. A large part of this transition is due to CenterPoint Properties, Inc., who in 2008 began to build out 3,600 acres of annexed property on the southeast potion of the City limits. CenterPoint's development of an intermodal railroad/industrial park valued at time of build at over \$2 billion has put Joliet on the international map, which will soon be the largest inland port in the nation. Necessary roadway improvements in and around the property have spurred considerable construction activity over the last couple years.

The award of a \$30 million grant in 2010 from the State of Illinois for the construction of a new multimodal transportation center in downtown will make Joliet the first stop on the new high-speed rail line from Chicago to St. Louis. The total project is estimated at nearly \$65 million and includes reworking the track area around the current Union Station to provide a more safe and efficient method of interaction between commuter and freight lines. In 2012, first phase parking facilities were completed for approximately \$2 million. In 2013, work began on the \$7 million Rock Island Platform and is approximately 50% complete.

In addition to these new transportation related projects, the City pulls its economic strength from the diversity of its industry and its location in the southwest region of Chicagoland. The City's varied economic base includes two riverboat casinos, as well as healthcare, retail, higher education, and manufacturing institutions. During 2013, the City reported several additions in the commercial sector, including; Joliet Cold Storage warehouse, Centerpoint Industrial warehouse and Cap Barbell warehouse. The City is also home to the Chicagoland Speedway, whose events bring in additional hotel/motel tax receipts annually.

Future Outlook: While the City has made significant strides over the last few years to stabilize its finances there are still areas that will need to be addressed to ensure future stability. Most significantly are the costs related to the City's employees including payroll expenses, pension costs, and other post-employment benefits (OPEB). These coupled with the increasing costs to replace postponed capital equipment, as well as, costs needed to repair and replace roadway, water and wastewater infrastructure will require the City to manage closely its resources over the next several years.

The City continues to work towards beginning the development of a long-term strategic plan. New opportunities for business growth are continually being sought and a renewed focus has been placed on developing long term strategies for growing as a community. The City provides leadership and encourages the private sector in the development of the downtown footprint as well as new opportunities throughout the City.

Long-Term Financial Planning: Since Joliet is a home rule unit of government, there is no legal limitation on its debt. However, the City has maintained a very small portfolio of debt which has been very beneficial in its overall financial stability. At year-end, the City has only one outstanding general obligation bond series, with outstanding principal of \$7.7 million. The total principal outstanding on the Water & Sewer Revenue bonds is \$35.8 million. In 2013, , the City secured additional low interest loans from the Illinois Environmental Protection Agency totaling approximately \$2.0 million, for improvements to the City's water and sewer infrastructure.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of Joliet for its Comprehensive Annual Financial Report (CAFR) for the year ended December 31, 2012. This was the fourteenth consecutive year the City received this prestigious award.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report satisfied both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current Comprehensive Annual Financial Report continues to meet the Certificate of Achievement program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgments

The preparation of this report could not have been accomplished without the efficient and dedicated services of the entire staff of the Finance Department. I would like to express my appreciation to all members of the Department who assisted and contributed to the preparation of this report.

Respectfully submitted,

Kenneth R. Mihelich

Independent Auditor's Report

To the Honorable Mayor and Members of the City Council City of Joliet, Illinois

Report On The Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Joliet, Illinois, (City) as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility For The Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Joliet Public Library, as of December 31, 2013, which represent 72 percent, 79 percent, and 51 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units; additionally, we did not audit the financial statements of the Joliet Area Historical Museum, as of June 30, 2013, which represent 3 percent, 2 percent, and 12 percent, respectively, of the assets, net position, and revenues of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for the aggregate discretely presented component units, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of the Joliet Public Library, Will County Metropolitan Exposition and Auditorium Authority, Firefighters' Pension Fund of the City of Joliet, and Police Pension Fund of the City of Joliet were not audited in accordance with Governmental Auditing Standards.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City as of December 31, 2013, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, schedules of funding progress, schedules of employer contributions, budgetary comparison information and notes to required supplementary information on pages 4 through 15, 70 through 72, 73, 74 through 79 and 80, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The introductory section, other supplementary information, and statistical section, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required By Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated June 17, 2014, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City's internal control over financial reporting and compliance.

Wermer, Rogers, Doran & Ruyon, LLC

June 17, 2014

December 31, 2013

As management of the City of Joliet (the "City"), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities for the fiscal year ended December 31, 2013. Please read it in conjunction with the transmittal letter beginning on page iv and the City's financial statements, which begin on page 16.

Financial Highlights

- The assets of the City exceeded the liabilities at year-end by \$596.6 million (net position). Of this
 amount, unrestricted net assets (those that may be used to meet the City's on-going obligations to
 citizens and creditors) totaled a negative \$54.6 million, restricted net position accounted for \$30.0
 million and the net investment in capital assets totaled \$621.2 million. Total net position for
 Governmental activities was \$332.9 million and Business-type activities totaled \$263.7 million.
- The total primary government-wide expenses for the year ending December 31, 2013 were \$228.7 million and total primary government-wide taxes and other revenues for governmental functions were \$227.6 million, resulting in a decrease of in net position of \$1.1 million.
- Revenues in the governmental activities increased \$4.5 million or 2.5 percent, while expenses decreased \$1.7 million or 0.9 percent.
- Business-type activities generated \$46.6 million in revenues, up \$2.0 million or 4.5 percent and expenses totaled \$44.5 million, a \$5.8 million increase or 15.6 percent.
- The combined fund balances for the City's governmental funds at year-end totaled \$75.0 million, an increase of \$5.5 million or 7.8 percent in comparison to the prior year.
- At year-end the unassigned fund balance in the General Fund was \$47.8 million, or 31.3 percent
 of the total General Fund expenditures of \$152.6 million.
- Total General Fund revenues for the year were \$163.0 million, while total expenditures before transfers were \$152.6 million.

Overview Of The Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Joliet's basic financial statements. They are primarily comprised of the following five components:

- Government-wide Financial Statements (pages 16-19)
- Fund Financial Statements (pages 20-30)
- Component Unit Financial Statements (pages 31-34)
- · Notes to the Financial Statements, and
- Required Supplementary Information

The City's financial statements are presented to offer two perspectives of its financial position and results of operations. The first perspective being the financial position of the government as a whole (Government-wide Financials) and the second financial information for the individual entities established by the City for specific purposes (Fund Financials). Both perspectives are meant to address likely user questions, provide a broad basis for comparison (year to year or government to government), and enhance the City's accountability to both its citizens and other interested parties.

December 31, 2013

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private sector business.

The Statement of Net Position presents information on all the City's assets, deferred outflows of resources, and liabilities and deferred inflows of resources, with the difference between all components reported as net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The Statement of Activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g. uncollected taxes, earned but unused sick leave and vacation time, etc.).

Both of these financials statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The primary governmental activities for the City include: general government, public safety (police and fire), public works, refuse disposal, culture and recreation, and community development. Business-like activities of the City include water, sewer, storm sewer, and parking.

The government-wide financial statements report a third type of activity known as component units. The City's component units include: the Joliet Public Library, the Will County Metropolitan Exposition and Auditorium Authority, and the Joliet Area Historical Museum. Although legally separate, these "component units" are important because the City is financially accountable for them.

Other non-financial factors such as changes in the City's property tax base and the condition of the City's roads and infrastructure should be considered in addition to these financial statements to determine the overall health of the City.

The government-wide financial statements may be found on pages 16-19 of this report,

Fund Financial Statements

The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The fund financial statements provide supplementary detailed information about the City's most significant funds, but not the City as a whole. The City has three types of funds: governmental, proprietary, and fiduciary.

Governmental Funds are used to account for most of the City's basic services, primarily those reported as "governmental activities" in the government-wide financial statements. Governmental Fund financial statements focus on near-term inflows and outflows of spendable resources, as well as year-end balances of spendable resources. This information is useful in evaluating a government's near-term financing requirements.

December 31, 2013

Since the focus of the governmental funds financial statements is narrower than the government-wide statements, it is useful to compare the information presented in the governmental funds statements with similar information presented in the government-wide statements. By doing so, readers may better understand the long-term impact of the government's short-term financing decisions. For this purpose, both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances present a reconciliation between the governmental funds and governmental activities (see pages 21 and 23).

The City of Joliet maintains twelve individual governmental funds. The City considers the General Fund and the Motor Fuel Tax Fund as "major" funds, and therefore information on these funds is presented separately in the governmental funds balance sheet and statement of revenues, expenditures, and changes in fund balances. The other governmental funds (Community Development Block Grant Fund, Evergreen Terrace II Fund, Special Service Area Fund, Tax Increment Financing Fund #2, Tax Increment Financing Fund #3, Grants And Special Accounts Fund, Corporate Bond and Interest Fund, Neighborhood Improvement Fund, General Capital Fund, and Property Improvement Fund) are combined into a single, aggregated presentation termed nonmajor funds. Individual fund data for each nonmajor governmental fund is provided in the form of combining statements in the Other Supplementary Information Section of the report (see pages 99–114).

Basic governmental funds financial statements can be found on pages 20-23 of this report.

Proprietary Funds can either be enterprise funds or internal service funds. The City maintains two enterprise funds; which are used to report the same functions presented as the business type activities in the government-wide financial statements. The two enterprise funds are the Water & Sewer Fund and the Parking Fund. The proprietary funds financial statements are generally reported in the same way that all activities are reported in the government-wide financials.

The basic proprietary funds financial statements can be found on pages 24-28 of this report.

Fiduciary Funds account for resources held for the benefit of parties outside the primary government. As such, these funds are not reflected in the government-wide statements because the resources of those funds are not available to support the City of Joliet's own programs. The accounting for fiduciary funds is similar to that of the proprietary funds. The City has two fiduciary funds, the Police Pension Fund and the Fire Pension Fund. The City is the trustee for these two pension funds and is responsible to ensure the assets reported in them are used only for the purposes intended.

The basic fiduciary funds financial statements can be found on pages 29-30 of this report.

Notes To Basic Financial Statements

The notes provide additional information that is essential for the reader to acquire a full understanding of the data provided in the government-wide and fund financial statements. The notes begin on page 35 of this report.

Other Information

In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information concerning the City's employee pension obligations, budgetary comparison schedules for the City's funds, and the combining statements for the nonmajor governmental funds mentioned previously. This information begins on page 70 of this report.

December 31, 2013

Government-wide Financial Analysis

One of the most important questions asked about the City's finances is, "Is the City as a whole better off or worse off as a result of the year's activities?" Therefore, beyond presenting the current year financial information the City also presents comparative information from the prior year in this discussion and analysis of the current year. By doing so, the City believes that it is providing the best means for the reader to analyze the financial condition and position of the City as of the year ended December 31, 2013.

Net Position

The City's combined net position decreased \$1.1 million from \$597.7 million to \$596.6 million during 2013.

December 31, 2013

Changes In Net Position

There are six basic (normal) transactions that affect the comparability of the Statement of Net Position summary presentation. They are:

- Net Results of Activities either increases or decreases current assets and "unrestricted net position".
- Borrowing for Capital will increase current assets and long-term debt.
- Spending Borrowed Proceeds on New Capital reduces current assets and increases capital
 assets
- Spending Non-borrowed Current Assets on New Capital reduces current assets and increases capital assets, while reducing net position category "unrestricted net position" and increasing "net investment in capital assets".
- Principal Payment of Debt reduces current assets and long-term debt, while reducing "unrestricted net position" and increasing "net investment in capital assets".
- Reduction in Capital Assets through Depreciation reduces capital assets and "net investment in capital assets".

Current Year Impacts

Total assets increased by \$6.1 million primarily due to an additional \$5.8 million in capital assets, which includes improvements to the water and sewer system. Total liabilities increased \$6.7 million. Increases in liabilities included \$11.7 million in other postemployment benefits and \$2.4 million in vouchers payable, reduced by \$6.8 million in general and revenue bonds. The City provides excellent health care and life insurance benefits for retirees, which is reflected in the noncurrent liability.

As mentioned earlier, net position serves as a useful indicator of a government's financial position. For fiscal year ended December 31, 2013, the City's total assets and deferred outflows exceeded total liabilities and deferred inflows. However, a significant portion of the total net position (\$621.2 million) is reflected in capital assets (e.g. land, buildings, equipment, and infrastructure). The City uses these capital resources to provide services to the residents; consequently, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, the resources needed to repay this debt must be provided from other sources, since the City generally cannot use the capital assets themselves to liquidate these liabilities.

A Condensed Statement of Changes in Net Position is shown on the following page, for additional detail please see pages 16 and 17 for the full Statement of Activities.

December 31, 2013

Primary Government Activities

The preceding table shows overall consistency in the City's expenses from year to year. With primary government revenues increasing by \$6.5 million or 2.9 percent and primary government expenses increasing by \$4.0 million or 1.8 percent.

A closer look shows a \$3.0 million or a 26.8 percent increase in State Income Taxes primarily due to timelier payments received from the state. Additionally, total Charges for Services increased \$3.2 million due to an increase in the revenues generated from public safety and water services.

Total primary government expenses increased \$4.0 million from \$224.7 million to \$228.7 million. Governmental activities' expenses decreased \$1.7 million.

Business type activities' expenses increased \$5.7 million, primarily due to increased employee healthcare costs and repairs and rehabilitation to maintain the City's vast and aging utility system.

Governmental Activities

Table 3a Governmental Activities (In Millions)

		Total Of Se				Net C Surplus Fro		
	1.5	2013	_	2012		2013	7	2012
General Government	\$	14.6	\$	17.3	\$	11.9	\$	14.3

Community Development		7.1		9.6		1.2		7.3
All Others		0.5		0.6	_	0.5	-	0.6
Total	\$	184.2	\$	185.9	\$	140.8	\$	141.8

Table 3a presents the cost of each of the City's largest governmental activity categories – general government, public safety, public works, refuse disposal, culture and recreation, community development, and other – as well as each category's *net* cost (total cost less revenue generated by the activities). The net cost shows the financial burden that was placed on the City's taxpayers by each of these functions.

December 31, 2013

The general government category includes general administrative functions as well as various employee benefit programs. Public safety includes police and fire protections, as well as, the emergency services disaster administration program and the school crossing guard program. Public works includes street and bridge maintenance, costs associated with street lighting, the Motor Fuel Tax fund — used for infrastructure improvements, costs related to special service areas, costs of the tax incremental financing activities, neighborhood improvement program, and property improvement costs. Refuse disposal consists of the City's contractual costs to provide garbage, recycling, and refuse disposal for its residents. Culture and recreation includes the maintenance of the City's Billie Limacher Bi-Centennial Park. Community development includes planning, inspections, neighborhood services, construction costs related to the multi-modal transportation center, and activities supported by the community development block grant.

Business-Type Activities

Revenues of the City's business-type activities (see Table 2) increased by \$2.0 million or 4.5 percent while expenses increased by \$5.8 million. The City's business-type activities are comprised of two separate and distinct activities: Water/Wastewater Utility and Parking Facilities.

Revenues from parking activities increased by 2.0 percent (from \$1.41 million to \$1.43 million), while expenses decreased 9.3 percent (from \$1.64 million to \$1.50 million). The increase in revenues was due to more fines, and the decrease in expenses was mostly attributable to decreased payroll and benefits.

Water and wastewater utility revenues increased by \$1.9 million or 4.5 percent (from \$42.5 million to \$44.4 million), primarily due to a reimbursement from an intergovernmental agreement. As shown in Table 3b, the overall net cost of providing water and wastewater services is a positive \$2.2 million; with the year over year decrease coming from an increase in repair and rehabilitation expenses and increased benefit costs.

Table 3b Business-Type Activities (In Millions)

			Cost		(Su	Net Cost	
	3	2013	2	2012	_ 2	013	2012

Total	\$	44.5	\$	38.8	(\$	2.1) (\$	5.8)

Financial Analysis Of The City's Major Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental Funds

The focus of the City governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at year end.

December 31, 2013

Governmental Funds reported a combined fund balance of \$75.0 million; \$5.5 million higher than last year's balance of \$69.5 million. Unassigned fund balance was \$45.8 million and is available for spending at the government's discretion. The remaining \$29.2 million is for a variety of nonspendable, restricted or assigned purposes and is available for specific spending.

The General Fund is the chief operating fund of the City. At year end it reported a fund balance of \$49.1 million, an increase of \$8.4 million as compared to last year's total of \$40.7 million. Revenues over expenses for the year showed a positive \$10.3 million, which was offset by transfers out to Other Governmental Funds of \$2.0 million. Overall General Fund revenues increased \$10.1 million or 6.6 percent, primarily due to a \$5.7 million increase in income tax revenues, \$2.2 million increase in home rule sales tax revenues, \$1.5 million in charges for services, and approximate \$1.0 million in reimbursements.

The Motor Fuel Tax Fund, a major special revenue fund, collects allocated taxes from the state of Illinois. The revenues are strictly available for improvements to the City's bridges and roadways. The City received \$4.7 million in revenues during 2013 and spent \$4.3 million on citywide roadway improvements. Revenues came in at about the same levels in 2013 as 2012. The year-end balance for the Motor Fuel Tax Fund is \$11.5 million a \$0.4 million increase from the prior year.

Other governmental funds is comprised of the Community Development Block Grant Fund, Evergreen Terrace II Fund, Special Service Area Fund, Tax Increment Financing Fund #2, Tax Increment Financing Fund #3, Grants And Special Accounts Fund, Corporate Bond and Interest Fund, Neighborhood Improvement Fund, General Capital Fund, and Property Improvement Fund. Once again, the primary activity for this year occurred in the Grants and Special Accounts Fund which accounts for the revenues and expenses associated with the multi-modal transportation project that is funded through private and state grants. Significant activity was also seen in the Capital Improvement Fund as the City continued purchases for new public safety radio systems, new vehicles and equipment to replace aging models and software and hardware upgrades for a new payroll and ERP system.

General Fund Budgetary Highlights

Over the course of the year, the budget was revised by the City for specific reasons. These budget amendments fall into three categories. The first category includes rollovers of certain prior year unexpended capital funds. The second category includes budget revisions made during the year for special projects for which funds became available. The third category is for budget reallocations that are intended to prevent budget overruns.

As shown in Table 4 at the top of the next page, actual General Fund revenues of \$163.0 million exceeded budgeted revenues by \$9.4 million or 6.1 percent; while actual expenditures were below budget by \$5.8 million or 3.6 percent. The City continued to work with the employee unions to delay wage increases, reduce the employee complement and employ other measures to reduce overtime and other expenses. In addition, the City has delayed maintenance in areas in which safety or other critical functions would not be compromised. While the City has made significant efforts to control costs to address the economic downturn, the rising costs of healthcare and pension obligations continue to put pressure on the long-term financial trend of the City.

December 31, 2013

Capital Assets And Debt Administration

Capital Assets

At the end of 2013, the City had \$669.1 million invested in a broad range of capital assets, including police and fire equipment, buildings, roads, bridges, parking decks, and water and sewer facilities. (See Table 5 below) This amount represents a net increase (including additions, deductions and depreciation) of approximately \$5.8 million or 0.9 percent over last year.

Table 5
Capital Assets At Year-End
(Net Of Depreciation, In Millions)

		Govern				Busines Activ				To	tals	
		2013	-	2012		2013_		2012	Ξ	2013		2012

Totals	\$	389.0	\$	387.7	\$	280.1	\$	275.6	\$	669.1	\$	663.3

This year's major capital project additions included the following:

- •\$5.4 million for various phases of the Multi-Modal Transportation Center;
- \$2.5 million for the Woodruff Road bypass;
- •\$2.4 million to purchase water meters and SmartPoint radios to continue the city-wide implementation of an automatic water meter reading system;
- •\$1.7 million for improvements at the Black Road Lift Station; and
- \$1.4 million for roadway resurfacing.

December 31, 2013

More detailed information about the City's capital assets is presented in note 6 to the financial statements.

Debt

At year-end, the City had \$63.0 million in bonds and loans outstanding versus \$68.1 million last year – a decrease of 7.6 percent – as shown in Table 6.

Table 6 Outstanding Debt, At Year End (In Millions)

		Govern Acti	men			Busines Activ	s Ty			То	tais	
	2	2013	- 2	2012		2013		2012	- 2	2013	- 2	2012
General Obligation Bonds										- 4.		
(Backed By The City)	\$	7.8	\$	8.6	\$	*	\$		\$	7.8	\$	8.6
Revenue Bonds (Backed By												
Specific Fee Revenues)		4				37.2		43.2		37.2		43.2
IEPA Loan		-		-		13.8		11.7		13.8		11.5
Equipment Loan	_	4.2	-	4.6	_		-	-	-	4.2	_	4.8
Totals	\$	12.0	\$	13.4	\$	51.0	\$	54.7	\$	63.0	\$	68.1

During the year, bond principal decreased being offset by the increase in Illinois Environmental Protection Agency loans outstanding used for improvements to the aging water and sewer system.

As of the year ended December 31, 2013, the City's Water and Sewer bonds had a rating of AA- and the City's general obligation bond rating was AA. More detailed information about the City's long-term debt is presented in note 13 to the financial statements.

Economic Factors And Next Year's Budget

As discussed in the Transmittal Letter, the City, like many local, state and federal governmental entities, has experienced a sustained period of financial instability and difficulty. Declining revenue streams coupled with rising personnel, pension, and insurance costs have been significant challenges for the City.

The City's elected and appointed officials considered these factors when establishing the 2014 budget. The 2014 budget of \$294.5 million represents an increase of \$13.6 million or 4.8 percent as compared to the 2013 budget of \$280.9 million. The budget increase is primarily due to increases in the General Fund for salaries/benefits and contractual/administrative services. The increase is also due to expected expenditures in the Community Development Block Grant Fund, which had a zero budget in 2013 due to on-going legal proceedings. A partial settlement has been reached for 2014 funding.

The 2014 budget focused on the continuation of the following goals: filling 5 vacant police officer and 8 vacant firefighter positions; continuing the City's effort to raise the funding levels for the police and fire pension funds; and continuing the commitment made to maintaining at least two months of operating expenses as a reserve balance. The 2014 annual budget continues the reduction of discretionary spending in all departments.

December 31, 2013

The City has been able to make some major capital investments due to federal and state grants, private contributions, and other restricted revenue sources. The 2014 budget includes funding for the \$65 million multi-modal transportation center funded through state grant funds, as well as, private contributions, and restricted City revenues.

The Mayor and City Council continue to work with the Administration to formulate long-term objectives to ensure future budgets are in balance and strategic long-term goals and policies are in place. Without a long-term strategic policy in place, assumptions used for long-term projections are difficult to make and can provide unachievable expectations. Items for discussion include tax policy, long-term capital investment requirements for building, infrastructure, equipment and technology, reserve requirements, overall compensation and debt. A long-term strategic plan is being formulated for years beyond 2014.

While the local economic environment and the impact it has on the City's available revenues continues to present challenges, the Mayor and City Council are committed to passing a balanced budget. The 2014 budget maintains this commitment; designates the necessary operating reserves; and continues to provide for the basic needs of the growing community.

Contact Information

This financial report is designed to provide our citizens, taxpayers, customers, investors, and creditors with a general overview of the City's finances and to show the City's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the Finance Department at City of Joliet, 150 West Jefferson Street, Joliet, Illinois 60432-4158.

Reconciliation Of Governmental Funds Balance Sheet To Statement Of Net Position December 31, 2013

Total fund balances - governmental funds

\$ 74,962,659

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets net of accumulated depreciation of \$208,667,146 used in governmental activities are not current financial resources and therefore are not reported in the governmental funds.

389,008,857

Some deferred outflows of resources, liabilities and deferred inflows of resources reported in the statement of net position do not require the use of current financial resources and therefore are not reported as deferred outflows of resources, liabilities or deferred inflows of resources in governmental funds. These activities consist of:

Claims payable	(545,000)
Deferred revenues collected after sixty days		5,725,064
Accrued interest payable on debt	(65,063)
General obligation bonds	(7,710,000)
Deferred amount on refunding of bonds		121,789
Unamortized premium on bonds	(74,390)
Net pension obligation	(14,762,107)
Estimated liability for self-insured losses	(5,578,182)
Other postemployment benefits	(86,097,694)
Accrued compensated absences	(17,950,905)
Loans and leases payable	(4,157,739)

Reconciliation Of The Statement Of Revenues, Expenditures, And Changes In Fund Balances Of Governmental Funds To Statement Of Activities For The Year Ended December 31, 2013

Net change in fund balances - governmental funds		\$ 5,428,241
Amounts reported for governmental activities in the Statement of Activities are different because:		
Some revenues were not collected for several months after the close of the fiscal year as were not considered to be "available" and are not reported as revenue in the government of the change from fiscal year 2012 to 2013 consists of:		
Sales, income and use taxes received from the state of Illinois Utility and auto rental taxes received from the state of Illinois Grants received from the state of Illinois and other grantors (1,824,258) 26,041) 956,881)	
Total change in unavailable revenues	(2,807,180)
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets are depreciated over their estimated useful lives as depreciation expense. This is the amount of assets capitalized in the current period. This is the amount of depreciation recorded in the current period.	16,647,740 15,294,937)	1,352,803
Repayment of bond/lease principal is an expenditure in the governmental funds, but the repayment reduced long-term liabilities in the Statement of Net Position.		1,210,503
Governmental funds do not report the change in certain long-term assets and liabilities, the change has been recorded in the Statement of Net Position:		
Increase in claims payable Decrease in interest payable Decrease in compensated absences Decrease in claims liabilities Decrease in net pension obligation	(545,000) 6,974 189,468 420,381 992,176
Increase in other postemployment benefits	(9,508,291)
The City amortized bond premium of (\$16,686); and amortized the deferred amount on refunding of bonds of \$27,317, in the Statement of Net Position.	(10,631)
Change in net position of governmental activities	- (\$ 3,270,556)

1. Summary Of Significant Accounting Policies

Introduction

The City of Joliet, Illinois (the City) was incorporated June 19, 1852. The City is a home rule unit and operates under the Council / Manager form of government. The City Council is composed of the Mayor and eight council members. The City provides services to the community that includes: police, fire, water and wastewater utility, community development, street maintenance, and general services.

The financial statements of the City of Joliet, Illinois are prepared in accordance with Accounting Principles Generally Accepted in the United States of America (USGAAP). USGAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this note.

Financial Reporting Entity

As defined by accounting principles generally accepted in the United States of America established by the Governmental Accounting Standards Board, the financial reporting entity consists of the primary government, as well as its component units, which are legally separate organizations for which the elected officials of the primary government are financially accountable. Financial accountability is defined as:

- Appointment of a voting majority of the component unit's board, and either (a) the ability to impose will by the primary government, or (b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government; or
- 2) Fiscal dependency on the primary government.

The accompanying financial statements present the City of Joliet, Illinois (the primary government) and its component units. The financial data of the component units are included in the City's reporting entity because of the significance of their operational or financial relationship with the City.

Component Units That Are Fiduciary in Nature

The Firefighters' Pension Fund and Police Pension Fund of the City of Joliet are Illinois local governments, as such; they are separate legal entities with their own management and budget authority. These funds exist solely to provide pension benefits for the City's firefighters and police officers and their beneficiaries. The financial statements of the Pension Funds as of and for the fiscal year ended December 31, 2013, are reported as pension trust funds - fiduciary funds. Each pension fund prepared separately issued component unit financial statements. Those separate financial statements may be obtained at 150 W. Jefferson St., Joliet, Illinois, 60432.

Discretely Presented Component Units

A discretely presented component unit is an entity that is legally separate from the City, but for which the City is financially accountable, or whose relationship with the City is such that exclusion would cause the City's statements to be misleading or incomplete. The City's component units are reported in a separate column in the government-wide financial statements to emphasize that they are legally separate from the City.

Notes To Basic Financial Statements December 31, 2013

1. Summary Of Significant Accounting Policies

Joliet Public Library

The Joliet Public Library provides a broad range of services and reference information to area citizens, including book and film rental and audio-visual materials.

On September 1, 1875, under the provisions of an 1872 Illinois Statute, "The Illinois Local Public Library Act", the Joliet City Council adopted an ordinance providing for the establishment of a public library in Joliet. The Joliet Public Library began public service on March 7, 1876. The Library is governed by a board of library trustees consisting of nine members appointed by the Mayor of the City of Joliet and confirmed by the City Council. Board members serve three-year terms with three members being appointed annually.

The Joliet Public Library is primarily supported by property taxes. The annual budget, appropriation and levy for the Library are enacted as ordinances of the City of Joliet by the City Council of the City of Joliet. The Library receives some revenue from the sale of real property, fines and fees and from state, federal and corporate grants. Separate financial statements may be obtained at the Library's business office, 150 North Ottawa Street, Joliet, Illinois, 60432.

Will County Metropolitan Exposition And Auditorium Authority

The Will County Metropolitan Exposition And Auditorium Authority (the Authority) was created under Illinois Public Act 80-909. The original purpose of the Authority was to rehabilitate and restore a historic building, the Rialto Square Theatre. Duties of the Authority consists of promoting, operating and maintaining expositions and conventions in the metropolitan area for industrial, cultural, educational, theatrical, sports, trade and scientific exhibits and to construct, equip and maintain auditoriums and exposition buildings for such purposes. While the Authority still has the same basic purpose, theatre operations, from January 1, 1989 through December 31, 1993, had been carried out by the Rialto Square Theatre Corporation, a separate autonomous non-profit organization. As of January 1, 1994, the Authority resumed theatre operations. In 1982, the Act was amended to allow the authority to lease property as an owner and change the Authority name from Joliet to Will County Metropolitan Exposition And Auditorium Authority. The Mayor of the City of Joliet, with the consent of the City Council, appoints a voting majority of Authority's Governing Board. The City, through an intergovernmental agreement, provides a substantial amount of financial support to the Authority. The Authority operates on a fiscal year ending June 30. Separate financial statements may be obtained at the Authority's administrative office, 15 East Van Buren Street, Joliet, Illinois, 60432.

The Joliet Area Historical Museum

The Joliet Area Historical Museum (the Museum) is an Illinois nonprofit organization incorporated in 1999. The museum was established to maintain, promote, and support a museum dedicated to presenting the history of the Joliet area to the public. The Museum was opened to the public in October 2002. The Museum is supported primarily through an agreement with the City of Joliet, grants, contributions and membership dues. The City, through an agreement with the Museum, provides a substantial amount of financial support to the Museum. The Museum is fiscally dependent on the City; the City approves the Museum's annual budget and the Museum cannot borrow funds without the prior approval of the City.

Notes To Basic Financial Statements December 31, 2013

1. Summary Of Significant Accounting Policies

The City has the sole and exclusive right to all income, receipts and revenues and other consideration of whatever kind or nature realized by, from or in connection with the Museum Property, the Inaugural Collection or the operation of the Museum. The Museum operates on a fiscal year ending June 30. Separate financial statements may be obtained at the Museum's administrative office, 204 North Ottawa Street, Joliet, Illinois, 60432.

No other agencies or units of local government meet the criteria of GASB Statement Numbers 14, 39, or 61 for inclusion in the reporting entity as a component unit.

Basis Of Presentation

Government-wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the reporting government as a whole. They include all funds of the reporting entity except for fiduciary funds. The statements distinguish between governmental and business-type activities. Governmental activities generally are financed through taxes, intergovernmental revenue, and nonexchange revenue. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services.

Fund Financial Statements

Fund financial statements of the reporting entity are organized into funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, deferred outflows of resources, liabilities, deferred inflows of resources fund equity, revenues, and expenditures or expenses, as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The City's funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental and proprietary categories. A fund is considered major if it is the primary operating fund of the City (General Fund) or meets the following criteria:

- Total assets plus deferred outflows of resources, liabilities plus deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10 percent of the corresponding total for all funds of that category or type; and
- b) Total assets plus deferred outflows of resources, liabilities plus deferred inflows of resources, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 5 percent of the corresponding total for all governmental and enterprise funds combined.

Governmental Funds

Governmental funds are those through which most governmental functions of the City are financed. The City's expendable financial resources (except those accounted for in proprietary funds) are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following are the City's governmental funds:

Notes To Basic Financial Statements December 31, 2013

1. Summary Of Significant Accounting Policies

<u>General Fund</u> - The General Fund, a major fund, is the general operating fund of the City. It is used to account for and report all financial resources not accounted for and reported in another fund.

<u>Special Revenue Funds</u> - Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

The City's major special revenue fund is the following:

Motor Fuel Tax Fund - Accounts for revenue and expenditures for improvement of City streets and bridges. The main revenue source is taxes imposed on the purchase of motor fuel. Additional revenue sources include state grants and interest income.

<u>Debt Service Fund</u> – The Debt Service Fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest of general long-term debt and related costs.

<u>Capital Projects Funds</u> - Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Proprietary Funds

Proprietary funds are used to account for the City's ongoing organizations and activities, which are similar to those often, found in the private sector. The measurement focus is based upon determination of net income.

<u>Enterprise Funds</u> – Enterprise funds are used to report any activity for which a fee is charged to external users for goods or services. The City uses enterprise funds to account for operations that are financed and operated in a manner similar to private business enterprises – where the intent of the City Council is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

The City's major enterprise fund is the following:

Waterworks And Sewerage Fund - Accounts for the revenue and expense related to providing a safe, potable water supply for domestic and industrial usage and fire protection, and for maintaining a dependable system for collecting and treating the waste waters of the City of Joliet.

Notes To Basic Financial Statements December 31, 2013

1. Summary Of Significant Accounting Policies

Fiduciary Funds (Not Included In Government-wide Statements)

Fiduciary funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals, private organizations, other governmental units, or other funds.

<u>Pension Trust Funds</u> - The Pension trust funds include the City of Joliet Police Pension Fund and City of Joliet Firefighters' Pension Fund. These funds account for City contributions in the form of property taxes and contributions from participants used to fund the respective pension plans and payments to beneficiaries in accordance with the Illinois Pension Code.

Measurement Focus And Basis Of Accounting

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" transactions are recorded regardless of the measurement focus applied.

Measurement Focus

On the government-wide Statement of Net Position and the Statement of Activities, both governmental and business-type activities are presented using the economic resources measurement focus as defined in item b. below.

In the fund financial statements, the "current financial resources" measurement or the "economic resources" measurement is used as appropriate:

- a. All governmental funds utilize a "current financial resources" measurement focus. Only current financial assets, deferred outflows of resources (if any), liabilities and deferred inflows of resources are generally included on their balance sheets. Their operating statements present sources and uses of available spendable financial resources during a given period. These funds use fund balance as their measure of available spendable financial resources at the end of the period.
- b. The proprietary funds utilize an "economic resources" measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets, deferred outflows of resources, liabilities and deferred inflows of resources (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position. Pension Trust Funds are accounted for in essentially the same manner as proprietary funds since preservation of capital is critical.

Notes To Basic Financial Statements December 31, 2013

1. Summary Of Significant Accounting Policies

Basis Of Accounting

Government-wide Financial Statements

In the government-wide Statement of Net Position and Statement of Activities, both governmental and business-type activities are presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Changes in net position resulting from exchange and exchange-like transactions are recognized when the exchange takes place. This is the same approach used in the preparation of the proprietary fund financial statements but differs from the manner in which governmental fund financial statements are prepared. Therefore, governmental fund financial statements include reconciliations with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

The government-wide Statement of Activities presents a comparison between expenses, both direct and indirect, and program revenues for each segment of the business-type activities of the City and for each governmental program. Direct expenses are those that are specifically associated with a service, program or department and are therefore clearly identifiable to a particular function. Indirect expenses for centralized services and administrative overhead are allocated among the programs, functions and segments using a full cost allocation approach and are presented separately to enhance comparability of direct expenses between governments that allocate direct expenses and those that do not. Program revenues include charges paid by the recipients of the goods or services offered by the programs and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues are presented as general revenues. The comparison of program revenues and expenses identifies the extent to which each program or business segment is self-financing or draws from the general revenues of the City.

Eliminations have been made in the Statement of Net Position to remove the "grossing-up" effect on assets and liabilities within the governmental and business-type activities' columns for amounts reported in the individual funds as internal receivables and payables. Similarly, transfers between funds have been eliminated in the Statement of Activities. Amounts reported in the activities' columns as receivable from or payable to fiduciary funds have been reclassified in the Statement of Net Position as accounts receivable or payable to external parties. Interfund services provided and used (sales and purchases of goods and services between funds for a price approximating their external exchange value) are not eliminated in the process of consolidation.

Net position is reported as restricted when constraints placed on net position use is either externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

Fund Financial Statements

Fund financial statements report detailed information about the City. The focus of governmental and enterprise fund financial statements is on major funds rather than reporting on funds by type. Each major fund is presented in a separate column. Nonmajor funds are aggregated and presented in a single column.

Notes To Basic Financial Statements December 31, 2013

1. Summary Of Significant Accounting Policies

Governmental Funds

In the fund financial statements, governmental funds are presented on the modified accrual basis of accounting. Under this modified accrual basis of accounting, revenues are recognized when "measurable and available". Measurable means knowing or being able to reasonably estimate the amount. Available means collectable within sixty days, or soon enough thereafter to be used to pay liabilities of the current period. Expenditures (including capital outlay) are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported when due. When an asset is recorded in governmental fund financial statements but the revenue is not available, the City reports a deferred inflow of resources until such time as the revenue becomes available.

In applying the susceptible-to-accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidelines. Monies that are virtually unrestricted as to purpose of expenditure, which are usually revocable only for failure to comply with prescribed compliance requirements, are reflected as revenues at the time of receipt or earlier if the susceptible-to-accrual criteria are met.

Shared revenues remitted from the State of Illinois, such as state income tax, replacement tax, sales tax, gaming tax, automobile rental tax, paramutual tax, and State motor fuel tax allotments, are accrued applying the susceptible-to-accrual concept based upon the earlier of the month they were liabilities to the State or the month collected by the State.

Licenses and permits, charges for services (other than water), and miscellaneous revenues (except for investment earnings) are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned since they are measurable and available.

Revenues from Federal and State grants and similar programs are recognized when the City has done everything necessary to establish its right to the revenue. Usually this is at the time expenditures have been incurred for an authorized purpose.

Proprietary Funds

All proprietary funds are accounted for using the accrual basis of accounting. These funds account for operations that are primarily financed by user charges. The economic resources focus concerns determining costs as a means of maintaining the capital investment and management control. Their revenues are recognized when earned and expenses are recognized when the liability is incurred or economic asset used. Allocations of costs, such as depreciation, are recorded in proprietary funds. Unbilled utility service receivables are recorded at the end of the year.

Proprietary funds separate all activity into two categories: operating and non-operating revenues and expenses. Operating revenues and expenses result from providing services and producing and delivering goods. Non-operating revenues and expenses entail all other activity not included in operating revenues and expenses - generally revenues from grants and interest and expenses for debt service.

Notes To Basic Financial Statements December 31, 2013

1. Summary Of Significant Accounting Policies

Budgets And Budgetary Accounting

Annual budgets are legally adopted and separately reported for all funds of the City except for those mentioned in Note 4. The City Council follows these procedures in establishing the budgetary data reflected in the financial statements:

Prior to December 31st, the City Manager submits to the City Council a proposed annual budget for the fiscal year commencing January 1. The annual budget includes proposed expenditures and the means of financing them. All budgets are adopted on a modified accrual basis except for the following modifications:

- Encumbrances are treated as expenditures in the year in which the purchase commitment is made.
- Collections of special revenue fund loans, capital project fund assessments and special assessments are budgeted as revenue in the year received.
- Special revenue fund loans are shown as expenditures when the funds are disbursed.
- Certain transfers between governmental funds are budgeted as revenues and expenditures.
- In the enterprise funds payment the principal and interest is shown as expenditures.
- For report presentation purposes, actual revenues and expenditures and other financing sources and uses have been adjusted to incorporate these modifications with reconciliation provided.
- Public hearings are conducted to obtain taxpayer comments.

Prior to December 31st, the annual budget is legally enacted through passage of an ordinance. Passage of the annual budget is done in lieu of an appropriation ordinance as permitted by the Illinois Compiled Statutes.

The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the City Council. The level of control (level at which expenditures may not exceed budget) is the fund total, not the individual line items. The annual budget can be amended by a two-thirds vote of the City Council. All appropriations lapse at year-end.

Cash And Cash Equivalents

Cash, as presented in the Statement of Cash Flows for the City's Enterprise Funds, consist of demand deposit accounts and petty cash funds. Investments in certificates of deposit, which may or may not have initial maturities of less than three months, are considered to be investments rather than cash.

Capital Assets

Capital assets are stated on the basis of historical cost (estimated for certain items purchased prior to December 31, 1997). Major capital asset additions are financed primarily from bond proceeds. Assets acquired through gifts or donations are recorded at their estimated fair value at the time of acquisition. The City has established a capitalization threshold of \$25,000 for infrastructure and land improvements, buildings, waterworks and sewerage systems, and parking decks. The capitalization threshold for furniture and equipment is \$5,000.

Notes To Basic Financial Statements December 31, 2013

1. Summary Of Significant Accounting Policies

Depreciation Of Capital Assets

Depreciation has been provided over the estimated useful lives of the assets using the straight-line method. The estimated useful lives are shown below:

Infrastructure	40 Years
Land Improvements	10 To 15 Years
Buildings	50 Years
Waterworks And Sewerage Systems	40 Years
Parking Decks	50 Years
Equipment	5 To 15 Years

Assets of the Waterworks and Sewerage Fund acquired prior to 1957 are considered to be fully depreciated and were removed from the accounting records. Assets acquired from 1957 through 1987 will be removed from the books in future years as they become fully depreciated. This policy was enacted because the exact composition of capital assets acquired between 1957 and 1987 is not readily ascertainable and, therefore, these assets cannot be removed from the accounting records as they are physically replaced. The above policy provides a means to remove these assets from the accounting records over time. All City infrastructure constructed or acquired in fiscal years ended after June 30, 1980, have been capitalized.

Interfund Transfers

Permanent reallocations of resources between funds of the reporting entity are classified as interfund transfers. For the purposes of the Statement of Activities, all interfund transfers between individual governmental funds have been eliminated.

Encumbrances

Encumbrances are recorded when purchase orders are issued for goods or services. Actual expenditures are recognized when the goods or services are received. Encumbrances do not lapse at the close of the fiscal year.

Investments

Investments of the City are carried at fair value (see note 3). Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have an established market are reported at estimated fair value.

Employee Compensated Absences

Employee vacation, sick time and comp time, for which the employees are eligible to receive termination payments, are recorded as a liability in the Statement of Net Position, the liability will be paid from the fund that the respective employee's salary is paid from.

Notes To Basic Financial Statements December 31, 2013

1. Summary Of Significant Accounting Policies

Customer Accounts And Unbilled Receivables

Estimated sales for water and wastewater usage, which are unbilled at year-end, are recognized as current year revenue and are included in "Receivables - Estimated Unbilled Usage". Customer accounts receivable are recorded net of an allowance for uncollectible accounts.

Inventory

Inventory recorded in the general fund consists of commercial real estate held for resale and residential real estate purchased for rehabilitation and subsequent sale under the Home Loan Program and Neighborhood Stabilization Grant. This inventory is recorded at cost.

Fund Balances

The fund balances of the City's governmental funds are required to be reported using five separate classifications as listed below. The City may not necessarily utilize each classification in a given fiscal year.

Nonspendable fund balance - Includes amounts that cannot be spent because they are either not in spendable form, or, for legal or contractual reasons, must be kept intact. This classification may include inventories, prepaid amounts, assets held for sale, and long-term receivables.

Restricted fund balance - Constraints placed on the use of these resources are either externally imposed by creditors (such as through debt covenants), grantors, contributors or other governments; or are imposed by law (through constitutional provisions or enabling legislation).

Committed fund balance - Amounts that can only be used for specific purposes because of a formal action (resolution or ordinance) by the City's highest level of decision-making authority, the City Council.

Assigned fund balance - Amounts that are constrained by the City's intent to be used for specific purposes, but that do not meet the criteria to be classified as restricted or committed. Intent can be stipulated by the City Council, Mayor, or another body (such as a Finance Committee), or by an official to whom that authority has been given. Encumbered amounts for specific purposes for which amounts have not been previously restricted, committed, or assigned are reported as assigned fund balance. With the exception of the General Fund, assigned fund balance is the residual fund balance classification for all governmental funds with positive balances.

Unassigned fund balance - This is the residual classification of the General Fund. Only the General Fund reports a positive unassigned fund balance. Other governmental funds might report a negative balance in this classification, as the result of overspending for specific purposes for which amounts had been restricted, committed or assigned.

Note 17 provides details of fund balances.

Notes To Basic Financial Statements December 31, 2013

1. Summary Of Significant Accounting Policies

Restricted Net Position - Proprietary Funds

Certain cash and investments along with related accrued interest receivable in the Waterworks and Sewerage Fund are restricted for debt service and capital improvements in accordance with the ordinances authorizing the issuance of the Series 2004, Series 2006, Series 2010, Series 2011 and Series 2012 revenue bonds. These assets are reflected as restricted assets and a restriction of net position.

Use of Resources Policy

The City considers restricted resources to have been used first when expenditures/expenses are incurred for purposes for which both restricted and unrestricted balances are available. Committed, assigned, and unassigned amounts are considered to have been spent in that order when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used. Expenditures incurred for a specifically identified purpose will reduce the specific identified classification of fund balance.

Use Of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and deferred inflows of resources and disclosure of contingent assets liabilities, and deferred inflows of resources at the date of the financial statements and the reported amounts of revenues and expenses during the period. Actual results could differ from those estimates.

Notes To Basic Financial Statements December 31, 2013

2. Property Taxes

Property taxes are levied each year on all taxable real property located in the City. The amounts recorded as revenue for fiscal year 2013 represent the taxes from the 2012 and prior year levies. The budget anticipates that the 2013 property tax levy will be used to finance the 2014 expenditures. The 2013 levy has been recognized as a receivable as of December 31, 2013 but recognition as revenue has been deferred to 2014 because the revenue is not considered available to finance 2013 expenditures.

Net property taxes receivable reflect the estimated collectible portion of the 2013 levies as of December 31, 2013. Property taxes receivable for prior years are immaterial and are not recorded.

Based on past experience, an allowance for estimated collection losses (2 percent of the extended levy) has been recorded to reduce the property taxes receivable to the estimated amounts collectible.

Property taxes are levied on the last Tuesday in December and attach as an enforceable lien on property on January 1 and are payable in two installments on or about June 1 and September 1 subsequent to the year of levy.

All of the City's governmental funds account for property taxes as described above.

3. Cash And Investments

Primary Government

The City is authorized by the Illinois Compiled Statutes to invest in: obligations of the U.S. Treasury, its agencies and instrumentalities; savings accounts, certificates of deposit, or time deposits that are direct obligations of any bank that is insured by the Federal Deposit Insurance Corporation; commercial paper noted within the three highest classifications by at least two standard rating services; obligations of states and their political subdivisions; shares or other securities issued by savings and loan associations which are insured by the Federal Savings and Loan Insurance Corporation; insured accounts of a credit union whose principal office is located in the State of Illinois; Illinois Funds Money Market Fund; money market mutual funds where the portfolio is limited to U.S. Government Securities; and repurchase agreements where the City or its authorized third party agent takes possession of the securities. In addition, the fiduciary component units, the Police and Firefighters' Pension Trust Funds, can invest in general accounts of Illinois authorized life insurance companies; and certain State of Israel obligations. The Pension Funds may also invest in certain separate accounts of Illinois authorized life insurance companies, mutual funds and common stocks, in total not to exceed 65 percent of total net position of each Fund.

Notes To Basic Financial Statements December 31, 2013

3. Cash And Investments

Deposits

In addition to checking accounts, the City maintains an investment pool comprised of certificates of deposit and an Illinois Funds Money Market Fund account that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined balance sheet as "Investments". The year-end carrying amounts and bank balances for the City and Pension Trust Funds (excluding cash on hand of \$3,846 are as follows:

				Total				
	Checking Accounts			Certificates Of Deposit	Total	Bank Balance		
All City Funds Except Pension Trust Funds Police Pension Fund Firefighters' Pension Fund	\$	15,830,005 15,182 1,216	\$	23,583,692 801,223	\$ 39,413,697 816,405 1,216	\$	40,489,442 816,405 1,216	
Total	\$	15,846,403	\$	24,384,915	\$ 40,231,318	\$	41,307,063	

Custodial Credit Risk - this is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's investment policy, which covers the City's policies for all "deposits" and "investments" requires collateral for all deposits and investments except for those investments in the state pool (the Illinois Funds) or the federal government securities. The collateral must have a market value of not less than 100 percent of all deposits and investments. The Pension Funds' investment policies do not require collateralization of deposits or investments. As of year-end, \$241,113 of deposits were uninsured or uncollateralized.

Investments

The City maintains an investment in the Illinois Funds Money Market Fund. The balance at December 31, 2013 was \$71,764,175. The Illinois Funds Money Market Fund is an external investment pool created by the Illinois General Assembly. The fund invests in U.S. Treasury bills and notes, fully collateralized time deposits in Illinois financial institutions, collateralized repurchase agreements, and mutual funds that invest in U.S. Treasury obligations and collateralized repurchased agreements; the average weighted maturity of the pool's investments is 34 days. The fair value of the position in the Illinois Funds Money Market Fund is the same as the value of the pool shares. The Illinois State Treasurer's Investment Advisory Board has oversight responsibility over the Illinois Funds Money Market Fund.

Custodial Credit Risk - The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the City or Pension Funds will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The investment policies for the City and the Pension Funds as it pertains to custodial credit risk for investments were outlined above. The investments held in external investment pools and in open-end mutual funds are not exposed to custodial credit risk because their existence is not evidenced by securities that exist in physical or book entry form. All other investments were held by the Pension Funds and were registered in the name of the Pension Funds.

Notes To Basic Financial Statements December 31, 2013

3. Cash And Investments

Concentration of Credit Risk - The City's and the Pension Funds' investment policies place no limit on the amount that may be invested in any one issuer, however, diversification of the investment portfolio must be appropriate as to the nature and purpose of the funds using the "prudent person rule". At year-end, the City held investments in the Illinois Funds, which represented 100 percent of total City investments. The Police Pension Fund had investments (other than U.S. Government and Agency securities and mutual funds) in Federal Home Loan Banks of \$8,512,795 (5.35%), Federal Home Loan Mortgage Corporation of \$11,500,431 (7.23%) and Federal National Mortgage Association of \$11,950,811 (7.51%) which represented 5 percent or more of total Police Pension Fund net position at December 31, 2013 of \$159,141,859.

Interest Rate Risk - The Firefighters' Pension Fund does not have formal investment policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates. The Police Pension Fund's investment policy dictates fixed income securities are to be invested in a ladder of maturities approach, with securities generally extending over a ten-year period. As of December 31, 2013, the Pension Funds' fixed income investments, maturities (using the segmented time distribution method) and fair values were as follows:

Police Pension Fund												
		Total	Investment Maturities

Notes To Basic Financial Statements December 31, 2013

3. Cash And Investments

Credit Risk - The City's and Pension Funds' investment policies do not further limit their investment choices beyond those referred to in the Public Funds Investment Act and/or the Illinois Pension Code. As of December 31, 2013, the City's investment in the Illinois Funds was rated AAAm by Standard & Poor's rating agency. The Pension Trust Funds' investments, fair values, and credit ratings as described by Standard & Poor's rating agency were as follows:

	Police Per	nsion	Firefighters' P		
Investment Description	Total Fair Value 12/31/2013	% of Total Invest- ments	Total Fair Value 12/31/2013	% of Total Invest- ments	Credit Rating

Pension Trust Funds Cash - Statement Of Fiduciary Net Position	16,398
Pension Trust Funds Investments - Statement Of Fiduciary Net Position	264,158,507
Total	\$ 375,356,623

Discretely Presented Component Units

The Joliet Public Library and the Will County Metropolitan Exposition And Auditorium Authority are authorized by the Illinois Compiled Statutes to invest in instruments similar to the City as noted above.

Joliet Public Library:

At December 31, 2013, the Library's cash consisted of demand deposits held at local financial institutions. The carrying amount of the Library's deposits was \$4,276,008 and the bank balance was \$4,287,724.

Custodial Credit Risk - The Library's investment policy requires collateral for all deposits in excess of FDIC limits. As of year-end, all of the bank balances were insured or collateralized by securities held in safekeeping in a custodial account at a federal reserve bank.

Notes To Basic Financial Statements December 31, 2013

3. Cash And Investments

Will County Metropolitan Exposition And Auditorium Authority:

At June 30, 2013, the Authority's cash consisted of \$8,500 of petty cash on hand and demand deposits held at local financial institutions. The carrying amount of the Authority's deposits was \$628,348 and the bank balance was \$602,603 all of which were insured or fully collateralized. The Authority had investments in money market mutual funds of \$8,136, which were rated AAAm by Standard & Poors. The Authority also had investments in mutual funds held by First Midwest Bank of \$746,123.

The Joliet Area Historical Museum:

The Museum is a nonprofit organization that reports under standards set by the Financial Accounting Standards Board. As such, reporting requirements for deposits and investments are different from GASB requirements. At year end, June 30, 2013, the Museum maintained cash of \$357,092 and investments of \$163,796. Deposit and investment risk disclosures were not available.

4. Budgetary Reporting

The budget is prepared on the same basis and uses the same accounting principles as are used to prepare the financial statements except for the effects of encumbrances. No supplemental appropriations were made during the year. The budget information is presented in this report in all cases where annual appropriations are required. Unexpended budgeted amounts lapse at the end of the budget year. Spending control for most funds is established by the amount of expenditures budgeted for the fund, but management control is exercised at budgetary line item levels. Expenditures on the budgetary basis exceeded budgeted expenditures in the Special Service Area Fund and General Capital Fund by \$93,940 and \$2,116,738, respectively, during the year ended December 31, 2013. Additionally, the City did not budget for \$895,768 of budgetary basis expenditures of the Property Improvement Fund.

The City did not prepare budgets for the following funds for the year ended December 31, 2013. These funds' revenue and expenditures were as follows:

	R	evenues	Expenditures		
Special Revenue Fund Community Development Block Grant Fund Evergreen Terrace II Fund Tax Incremental Financing Fund #3	\$	21,004 - 18,677	\$	18,971 1,982,508 10,424	
Capital Projects Funds Neighborhood Improvement Fund		oğ.		49,501	

5. Interfund Balances And Transfers

During the course of operations, numerous transactions occur between individual funds that may result in amounts owed between funds. Short-term interfund loans are reported as "internal receivables and payables." The purpose of all short term loans is to cover temporary cash shortfalls in funds with deficit cash positions, all of which are expected to be repaid within one year.

Notes To Basic Financial Statements December 31, 2013

5. Interfund Balances And Transfers

Interfund balances at December 31, 2013 were as follows:

	Internal Balances								
Fund	F	Receivable	Payable						
General Fund:		75797							
Nonmajor Governmental Funds	\$	2,202,245	\$	-					
Nonmajor Enterprise Fund		153,884							
Total General Fund	-	2,356,129	_	10.00					
Nonmajor Governmental Funds:									
General Fund				2,202,245					
Total Nonmajor Governmental Funds				2,202,245					
Nonmajor Enterprise Fund:									
General Fund				153,884					
Total Nonmajor Enterprise Fund				153,884					
Grand Total	\$	2,356,129	\$	2,356,129					

Due To Primary Government

The Museum's June 30, 2013 financial statements show a liability to the City for \$548,229. This amount reflects the reclassification of unrestricted net position at year end as agreed upon in the intergovernmental agreement between the two entities. As of July 1, 2013 this reclassification was reversed to allow the Museum to utilize the funds in the current year's operations. Therefore, this amount is not reflected on the City's financial statements as due from component unit.

Interfund transfers during the year ended December 31, 2013 were as follows:

	Interfund								
Fund	T	ransfers In	Tr	ansfers Out					
General Fund:			4	1000000					
Nonmajor Governmental Funds	\$		\$	2,020,803					
Total General Fund	=		=	2,020,803					
Nonmajor Governmental Funds									
General Fund		2,020,803	_	-					
Total Nonmajor Governmental Funds		2,020,803	=						
Grand Total	\$	2,020,803	\$	2,020,803					

Notes To Basic Financial Statements December 31, 2013

5. Interfund Balances And Transfers

Routine Transfers

The above transfers were made to move monies between funds to finance operations and various programs in accordance with budgetary authorizations approved by the City Council. The General Fund transferred \$2,020,803 to the General Capital Fund (a nonmajor capital projects fund) as part of the annual funding of capital projects.

6. Capital Assets

Capital asset activity for the year ended December 31, 2013 was as follows:

Notes To Basic Financial Statements December 31, 2013

7. Pension And Retirement Fund Commitments

Illinois Municipal Retirement Fund

Plan Description. The City's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The City plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at www.imrf.org.

Funding Policy. As set by statute, the City's Regular plan members are required to contribute 4.50 percent of their annual covered salary. The statutes require employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The City annual required contribution rate for calendar year 2013 was 17.98 percent. The City also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Annual Pension Cost. The required contribution for calendar year 2013 was \$5,706,796.

Three-Year Trend Information for the Regular Plan

Fiscal Year Ended		ost (APC)	Percentag APC Contr	Net Pension Obligation		
	12/31/13	\$ 5,706,796	100%	6	\$	
	12/31/12	5,564,648	100%	6		/ec
	12/31/11	5,278,415	100%	6		-

The required contribution for 2013 was determined as part of the December 31, 2011, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2011 (a) 4.5 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4 percent a year, attributable to inflation, (c) additional projected salary increases ranging from 1.5 percent to 7.0 percent per year depending on age and service, attributable to seniority/merit, and (d) post retirement benefit increases of 3 percent annually. The actuarial value of the City's Regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20 percent corridor between the actuarial and market value of assets. The City's Regular plan's unfunded actuarial accrued liability at December 31, 2013 is being amortized as a level percentage of projected payroli on an open 30 year basis.

Funded Status and Funding Progress. As of December 31, 2013, the most recent actuarial valuation date, the Regular plan was 43.10 percent funded. The actuarial accrued liability for benefits was \$93,510,727 and the actuarial value of assets was \$40,306,349, resulting in an underfunded actuarial accrued liability (UAAL) of \$53,204,378. The covered payroll for calendar year 2013 (annual payroll of active employees covered by the plan) was \$31,739,686 and the ratio of the UAAL to the covered payroll was 167.63 percent.

Notes To Basic Financial Statements December 31, 2013

7. Pension And Retirement Fund Commitments

The schedule of funding progress presented as RSI following the notes to basic financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Police Pension And Firefighter's Pension Plans

Plan Descriptions

The City contributes to two single-employer defined benefit pension plans: the Joliet Police Pension Plan and the Joliet Firefighters' Pension Plan (Plans). Each plan provides retirement, disability, and death benefits, and annual cost-of-living adjustments to plan members and beneficiaries. Sworn Police and Fire personnel are covered by the Plans. The plans are part of the City of Joliet's financial reporting entity and are included in the City's financial report as pension trust funds. Although these are single-employer pension plans, the defined benefits and employee and employer contribution requirements are governed by Illinois Compiled Statutes and may only be amended by the Illinois legislature. The Joliet Police Pension Fund is administered by the Joliet Police Pension Board of Trustees. The Joliet Police Pension Fund issues a publicly available financial report that includes financial statements and required supplementary information. The financial report may be obtained by writing to the City of Joliet Administrative Office, 150 West Jefferson Street, Joliet, Illinois 60432-4156. The Joliet Firefighters' Pension Fund is administered by the Joliet Firefighters' Pension Board of Trustees. The Joliet Firefighters' Pension Fund issues a separate financial report which may be obtained by writing to the Joliet Firefighters' administrative office, 101 East Clinton Street, Joliet, Illinois 60432.

At January 1, 2013 (the date of the latest actuarial valuation) membership in each plan consisted of the following:

	Police Pension	Firefighters' Pension
Retirees And Beneficiaries Currently Receiving Benefits Terminated Plan Members Entitled To But Not Yet	169	136
Receiving Benefits	*	-
Active Plan Members	247	207
	416	343

Summary Of Significant Accounting Polices And Plan Asset Matters

Basis Of Accounting

The Police Pension Fund and the Firefighters' Pension Fund are pension trust funds and are accounted for by the accrual basis of accounting. Employee and employer contributions are recognized as additions when due, pursuant to formal commitments, as well as statutory or contractual requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of each plan.

Notes To Basic Financial Statements December 31, 2013

7. Pension And Retirement Fund Commitments

Method Used To Value Investments

Plan investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on national exchanges are valued at the last reported sales price. Investments that do not have an established market are reported at estimated fair value. Details regarding cash and investments are disclosed in note 3.

Funding Policy

The City funds its contributions to the Police and Firefighter's pension plans through an annual tax levy. The levy amount is actuarially determined as the annual contribution necessary to fund the normal costs, plus the amount to amortize the unfunded accrued liability. The City levies 102% of the Annual Required Contribution based on the actuarial calculations for the next tax extension. Therefore, the annual required contributions for the year ended December 31, 2013 are levied for the 2014 tax levy and will be collected during the fiscal year ending December 31, 2015.

The City's annual pension cost and net pension obligation for the police and firefighter's pension plans for the fiscal year ended December 31, 2013 were based on actuarial valuations performed. Details were as follows:

		Police Pension Plan	F	Firefighter's Pension Plan
Annual Required Contribution	\$	12,519,997	\$	11,191,101
Interest On Net Pension Obligation		637,147		465,653
Adjustment To Annual Required Contribution	(444,655)	(324,973)
Annual Pension Cost		12,712,489		11,331,781
Contributions Made	(13,307,906)	(11,728,540)
(Decrease) In Net Pension Obligation	(595,417)	(396,759)
Net Pension Obligation At January 1, 2013		9,102,094		6,652,189
Net Pension Obligation At December 31, 2013	\$	8,506,677	\$	6,255,430

The net pension obligation of \$14,762,107 has been recorded as a liability of the primary government in the Statement of Net Position.

Notes To Basic Financial Statements December 31, 2013

Notes To Basic Financial Statements December 31, 2013

7. Pension And Retirement Fund Commitments

Funded Status And Funding Progress

As of January 1, 2013, the most recent actuarial valuation date, the Police Pension Plan was 48.64 percent funded. The actuarial accrued liability for benefits was \$288,456,057 and the actuarial value of assets was \$140,292,520, resulting in an underfunded actuarial accrued liability (UAAL) of \$148,163,537. The covered payroll (annual payroll of active employees covered by the plan) was \$25,548,490 and the ratio of the UAAL to the covered payroll was 579.93 percent.

As of January 1, 2013, the most recent actuarial valuation date, the Firefighters' Pension Plan was 41.17 percent funded. The actuarial accrued liability for benefits was \$217,728,604 and the actuarial value of assets was \$89,643,330, resulting in an underfunded actuarial accrued liability (UAAL) of \$128,085,274. The covered payroll (annual payroll of active employees covered by the plan) was \$22,050,623 and the ratio of the UAAL to the covered payroll was 580.87 percent.

The schedules of funding progress presented as RSI following the notes to basic financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

8. Postemployment Benefits Other Than Pensions

Plan Description

The City administers a single-employer defined benefit healthcare and life insurance plan the Retiree Healthcare and Life Insurance Plan (RHLIP). The plan provides lifetime healthcare and life insurance for eligible retirees and their dependents through the City's group health insurance plan, which covers both active and retired members. Benefit provisions are established through negotiations between the City and the unions representing City employees and are renegotiated each bargaining period. RHLIP does not issue a stand-alone financial report.

Funding Policy

Contribution requirements are also negotiated between the City and union representatives. All plan funding is done on a pay-as-you-go basis. Currently, the retired employees pay the blended 1988 premium rate for healthcare insurance and the City pays the difference between the current blended rate and the 1988 blended rate. Additionally, the City pays 100 percent of the premiums to provide group term life insurance ranging from \$10,000 to \$25,000, depending on type of qualifying employee group. For fiscal year 2013, the City contributed \$6,502,194 to the plan, total retiree contributions were \$456,336.

Notes To Basic Financial Statements December 31, 2013

8. Postemployment Benefits Other Than Pensions

Annual OPEB Cost And Net OPEB Obligation

The City's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB obligation to RHLIP:

Annual Required Contribution	\$	19,067,000
Interest On Net OPEB Obligation		3,713,787
Adjustment To Annual Required Contribution	(4,612,686)
Annual OPEB Cost		18,168,101
Contributions Made	(6,502,194)
Increase In Net OPEB Obligation	7.0	11,665,907
Net OPEB Obligation - Beginning Of Year		82,528,594
Net OPEB Obligation - End Of Year	\$	94,194,501
Net OPEB Obligation - End Of Year	\$	94,194,501

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for fiscal years 2013, 2012, and 2011 was as follows:

	Year Ended	Annual OPEB Cost (AOC)	Percentage Of AOC Contributed	Net OPEB Obligation
RHLIP Plan:	12/31/2013	\$ 18,168,101	35.8%	\$ 94,194,501
	12/31/2012	18,791,182	32.8%	82,528,594
	12/31/2011	19,668,000	33.4%	69,909,335

The total net OPEB obligation of \$94,194,501 has been recorded in the Statement of Net Position. Payments to liquidate the liability have typically been made by the General and Waterworks And Sewerage Funds.

Funded Status And Funding Progress

As of January 1, 2013, based on the January 1, 2012 actuarial valuation, the actuarial accrued liability for benefits was \$243,876,000, all of which was unfunded. There has been no change in funding this program. The covered payroll (annual payroll of active employees covered by the plan) was \$73,185,000 and the ratio of the unfunded actuarial accrued liability to the covered payroll was 333.23 percent.

The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend.

Notes To Basic Financial Statements December 31, 2013

8. Postemployment Benefits Other Than Pensions

Amounts determined regarding the funded status of the plan and the annual required contributions of the City are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the City and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities, consistent with the long-term perspective of the calculations.

Significant methods and assumptions were as follows:

Actuarial valuation date: January 1, 2012
Actuarial cost method: Entry Age Normal

Amortization method: Level Percentage Of Payroll, Open

Remaining amortization period: 30 years

Actuarial assumptions:

Discount Rate 4.5% Wage Inflation 4.0%

Price Inflation 4.0% Healthcare Trend Rate 9.0% per year

graded down to 5.0% per year

9. Commitments And Contingencies

Litigation

The City monitors all claims and lawsuits on a case by case basis. If a claim is asserted and a probable loss is reasonably estimable, the City recognizes a liability in the financial statements. The City has recorded approximately \$1,000,000 for such claims during 2013. The City is currently a defendant in several other lawsuits. Although the outcome of these lawsuits is not presently determinable, in the opinion of the City, the resolution of these matters will not have a material adverse effect on the financial condition of the City.

Evergreen Terrace Litigation

The City is currently in a lawsuit in regard to Evergreen Terrace a Housing And Urban Development (HUD) sponsored housing project. The City has brought an eminent domain suit and is calling for demolition of the project. HUD has counter sued the City claiming racial bias. HUD has frozen all HUD federal funding to the City until this suit is resolved. The outcome of these lawsuits are not presently determinable, therefore no liability has been recorded as of December 31, 2013. The City has recorded \$1,980,692 for legal costs related to this suit during 2013.

Notes To Basic Financial Statements December 31, 2013

9. Commitments And Contingencies

Fund Commitments

Purchase commitments as of December 31, 2013 amounted to \$5,468,046 and \$360,381 in the Waterworks And Sewerage Fund and the Parking Meter Fund, respectively. These commitments primarily relate to capital projects. Additional encumbrances at year end were \$584,314 in the General Fund, \$4,015,380 in the Motor Fuel Tax Fund, and \$7,978,128 in the nonmajor governmental funds.

10. Compensated Absences

All full-time City employees accumulate vacation and sick leave hours for subsequent use or for payment upon termination, death, or retirement. The City has recorded the liability for compensated absences using the "Vesting Method". Under the Vesting Method, the liability is measured based on the sick leave, vacation, and comp time accumulated at the balance sheet date by those employees who are eligible to receive payments upon termination. Amounts in excess of the payment allowed at termination are excluded because those balances are available only for use as paid time off. The governmental liabilities are typically liquidated by the General Fund. The City's liability for compensated absences as of December 31, 2013 is as follows:

	Balance 12/31/2012	Additions	Reductions	Balance 12/31/2013	Amount Due Within One Year
Governmental Activities Business-Type Activities:	\$ 18,140,373	\$ 8,880,718	\$ 9,070,186	\$ 17,950,905	\$ 8,975,452
Waterworks And Sewerage Fund Parking Meter Fund	1,030,091 85,086	456,467 3,868	515,045 42,543	971,513 46,411	485,756 23,206
Total Business-Type	1,115,177	460,335	557,588	1,017,924	508,962
Total Liability	\$ 19,255,550	\$ 9,341,053	\$ 9,627,774	\$ 18,968,829	\$ 9,484,414

11. Risk Management

The City is exposed to various risks of loss related to torts: theft, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City accounts for its risk financing activities in the General Fund. The General Fund pays all general liabilities, unemployment and workers' compensation, and auto and collision claims for which the City is held liable. The City's Consolidated Property & Casualty Insurance Program consists of primary package insurance coverage consists of excess specific coverage for General, Auto, Police / Law Enforcement, Public Official / Employment Practices Liability (EPL), and Employee Benefit Liability (EMT). The coverage limit on the primary package policy is \$10,000,000 per occurrence and aggregate with an additional \$10,000,000 umbrella extending over the initial \$10,000,000 package limit. The Self-Insured Retention (SIR) is \$1,000,000 for all package components. Worker's Compensation Excess Specific coverage is to statutory limits with \$1,000,000 of employer's liability. The SIR for this line is \$700,000. The City's property coverage is all risk, repair or replacement Full Limit Value (FLV) with a \$100,000 deductible.

Notes To Basic Financial Statements December 31, 2013

11. Risk Management

This coverage includes Extra Expense (\$6,500,000 per named location), EDP equipment (\$2,500,000 per named location), Valuable Papers (\$2,500,000 per named location), Blanket Auto Physical Damage (\$2,500,000 all locations, ACV), Property in Transit and Builder's Risk coverage at various limits as well as Earthquake (\$50,000,000 with a \$100,000 deductible) coverage for a Total Insured Value (TIV) of \$250,000,000.

The City's Boiler and Machinery coverage has a full-limit value per occurrence with a \$100,000 deductible. All coverage is on an "Occurrence" form/basis. There were no significant reductions in insurance coverage from the previous year. Settled claims have not exceeded the insurance coverage in the last three years.

The City also participates in an externally administered self-insurance program for workers' compensation, unemployment compensation, and medical claims. The City's group health insurance plans maintain specific stop loss coverage for claims in excess of \$200,000 and aggregate stop loss coverage for total plan losses in excess of 125 percent of projected claims. Dental coverage benefits are limited to \$1,000 per covered individual per year. The claims liability of \$5,578,182 for workers' compensation is reported as a liability in the Statement of Net Position; the amount is based on the estimated outcome of outstanding claims on a case-by-case basis. The amount estimated to be paid within one year is \$2,478,182. The claims are typically paid by the General Fund.

The liability for health claims of \$926,600 is reported in the General Fund. The amount is based on reported claims due and payable at year-end along with an estimate of claims that were incurred before year-end but not yet reported.

Changes in the claims liability amounts in the fiscal years ended December 31, 2013 and 2012 were as follows:

		Workers'		Health				
	Co	mpensation		Claims		Total \$ 7,671,853		
Claims Liability, December 31, 2011 Incurred Claims	\$	6,334,753 2,552,362	\$	1,337,100 19,250,219	\$	7,671,853 21,802,581		
Change In Estimates Claim Payments	(336,190) 2,552,362)	(37,733 19,502,752)	(298,457) 22,055,114)		
Claims Liability, December 31, 2012 Incurred Claims	Ŋ.	5,998,563 3,168,558		1,122,300 18,874,710		7,120,863 22,043,268		
Change In Estimates Claim Payments	(420,381) 3,168,558)		59,014) 19,011,396)	(479,395) 22,179,954)		
Claims Liability, December 31, 2013	\$	5,578,182	\$	926,600	\$	6,504,782		

12. Lease Purchase Agreement

The City has entered into a lease purchase agreement in the amount of \$4,778,677 for the purchase of radio equipment for police and fire operations. This lease purchase agreement has an effective interest rate of 3.172 percent and a balance outstanding on December 31, 2013 of \$4,157,739. The agreement requires two semi-annual payments of \$280,648 with a final payment on January 15, 2022.

Notes To Basic Financial Statements December 31, 2013

12. Lease Purchase Agreement

Annual debt service payments required to service outstanding lease purchase agreement at December 31, 2013 are as follows:

Lease Purchase Agreement

General Obligation Bonds Payable

General obligation bonds outstanding at December 31, 2013 are summarized as follows:

	Series	Interest Rates	Dated	Principal
General Obligation Refunding Issue	2005	3.00-4.75%	5/1/2005	\$ 7,710,000

Notes To Basic Financial Statements December 31, 2013

13. Long-Term Debt

2005 Series Bonds

The 2005 Series Bonds are General Obligation Refunding Bonds with an issue date of May 1, 2005 for \$12,855,000, issued to advance refund the majority of then outstanding 2002 Series Bonds. The 2005 Series Bonds are payable in varying amounts beginning December 15, 2005 until December 15, 2021. Interest is due semi-annually at rates ranging from 3.00 percent to 4.75 percent. Bonds due December 30, 2005-2014, inclusive, are non-callable. Bonds due December 30, 2015-2021, inclusive, are callable in whole or in part on any date on or after December 30, 2014, at a price of par and accrued interest. The 2005 bond issue has been paid from the Corporate Bond And Interest Fund through a transfer of Gaming Tax Revenue.

Revenue Bonds Payable

Revenue obligations outstanding at December 31, 2013 are summarized as follows:

	Series	Interest Rates	Dated	Principal
Revenue Bond	2006	4.00%	12/1/2006	\$ 6,155,000
Revenue Bond	2010	2.00 - 5.00%	11/17/2010	7,345,000
Revenue Bond	2011	4.00%	12/20/2011	9,120,000
Revenue Bond	2012	2.00 - 5.00%	2/7/2012	13,160,000
				\$ 35,780,000

2004 Series Bonds

The City issued \$25,000,000 of water revenue bonds dated March 1, 2004 to be used to finance the construction and improvement of water supply facilities. The bonds were payable in varying annual installments from January 1, 2010 through January 1, 2013. The bonds were callable in whole or in part on any date on or after January 1, 2013. The interest rate on the bonds was 5.00 percent. The City's remaining share of these bonds were retired in 2013.

2006 Series Bonds

The City issued \$6,290,000 of Waterworks and Sewerage Revenue Refunding Bonds dated December 1, 2006 to be used to advance refund \$5,920,000 of outstanding 2002A Series Bonds. The bonds are payable in varying annual installments from January 1, 2008 through January 1, 2022. Bonds due January 1, 2008-2015, inclusive, are non-callable. Bonds due January 1, 2016-2022, inclusive, are callable in whole or in part on any date on or after January 1, 2015, at a price of par and accrued interest. The interest rate on the bonds is 4.00 percent.

2010 Series Bonds

The City issued \$8,860,000 of Waterworks and Sewerage Revenue Refunding Bonds dated November 17, 2010 to be used to advance refund \$8,835,000 of outstanding 2002A Series Bonds. The bonds are payable in varying annual installments from January 1, 2011 through January 1, 2019. The interest rates on the bonds vary from 2.00 to 5.00 percent

Notes To Basic Financial Statements December 31, 2013

13. Long-Term Debt

2011 Series Bonds

The City issued \$9,120,000 of Waterworks and Sewerage Revenue Refunding Bonds dated December 20, 2011 to be used to advance refund \$9,550,000 of outstanding 2003 Series Bonds. The bonds are payable in varying annual installments from January 1, 2017 through January 1, 2019. The interest rate on the bonds is 4.00 percent.

2012 Series Bonds

The City issued \$13,160,000 of Waterworks and Sewerage Revenue Refunding Bonds dated February 7, 2012 to be used to advance refund \$450,000 of outstanding Water and Sewerage Revenue Bond Series 2003 and \$12,900,000 of outstanding Water and Sewerage Revenue Bond Series 2004. The bonds are payable in varying annual installments from January 1, 2014 through January 1, 2017. The interest rates on the bonds range from 2.00 percent to 5.00 percent.

Loans Payable - Illinois EPA

Illinois Environmental Protection Agency (IEPA) Loan - L17-4445, issued in the amount of \$1,501,841 to provide funds to improve the public water supply. The loan was dated August 9, 2012, and is due in semi-annual installments of \$43,512, which includes interest of 1.25 percent to be repaid by the City from water and sewer revenues. The outstanding balance at December 31, 2013 was \$1,433,377. The final payment is due April 9, 2032.

IEPA Loan - L17-3148, issued to provide funds to improve the public water supply. The loan was dated November 7, 2013 and is due in semi-annual installments of \$715,095, which includes interest of 1.25 percent to be repaid by the City from water and sewer revenues. The outstanding balance at December 31, 2013 was \$12,339,204. The final payment is due June 7, 2033.

Annual debt service payments required to service the outstanding IEPA Loans at December 31, 2013 are as follows:

Business-Type Activities:

IEPA Loans:

Years Ending December 31,	Interest		Principal		Total
2014	\$ 170,210	\$	631,909	\$	802,119

	\$ 1,779,994	\$	13,772,581	\$	15,552,575

Notes To Basic Financial Statements December 31, 2013

13. Long-Term Debt

Deferred Amounts On Refunding

The City has reported deferred amounts on refunding of debt related to the debt defeasances of \$121,789 and \$1,158,258, in the governmental and business-type activities, respectively, as deferred outflows of resources in the Statement of Net Position.

14. Conduit Debt Obligations

On June 1, 1997, the City issued Economic Development Revenue Bond (Route 66 Project), Series 1997 in the amount of \$4,000,000 to Route 66 Raceway to provide for improvements to infrastructure around the facility. These bonds are special limited liability obligations of the City, payable solely and only from the revenues and receipts derived from the Construction Agreement and Tax Deferred Obligation. The bonds do not constitute a debt or pledge of the faith and credit of the City, and accordingly have not been reported in the accompanying financial statements. At December 31, 2013, the Economic Development Revenue Bond (Route 66 Project), Series 1997 outstanding balance was \$1,128,592; this represents the total conduit debt outstanding at December 31, 2013.

15. Inter-Entity Transactions

The City's expenses for the year ended December 31, 2013 include a total of \$275,052 paid to the Joliet Area Historical Museum and \$662,713 paid to Will County Metropolitan Exposition And Auditorium Authority (Component Units) as annual support payments. The City also paid \$331,523 to the Plainfield Library District for the benefit of the Joliet Library (Component Unit) to pay for the duplicate library real estate taxes that would have resulted from the City annexing property formerly included in the Plainfield Library District. The City received \$528,290 from the Joliet Public Library during the year for reimbursement of Library employee pension costs.

16. Significant Waterworks And Sewage Fund Customers

Revenue from water and sewer service charges and annual usage in cubic feet from the ten largest users for the year ended December 31, 2013 are as follows:

	Annual Usage Cubic Feet	Revenues
Village of Shorewood	53,199,200	\$ 1,737,055
P Q Corporation	31,730,000	1,436,239
Ecolab, Inc.	24,369,300	988,865
Village of Rockdale	15,539,100	714,668

Notes To Required Supplementary Information December 31, 2013

Police And Firefighters' Pension Plans

The information presented in the required supplementary schedules for the Police and Firefighters' Pension Plans was determined as part of the actuarial valuations at the dates indicated. Additional information as of the latest actuarial valuations follows:

	Police Pension Plan	Firefighters' Pension Plan
Actuarial Valuation Date	January 1, 2013	January 1, 2013
Actuarial Cost Method	Entry Age	Entry Age
Amortization Method	Level Percentage Of Pay, Open	Level Percentage Of Pay, Open
Amortization Period	30 Years	30 Years
Asset Valuation Method	Market	Market
Actuarial Assumptions: Investment Rate Of Return Projected Salary Increases Inflation Rate	7.00 percent 5.25 percent 3.00 percent	7.00 percent 5.25 percent 3.00 percent

Budgetary Basis Of Accounting

The City prepared the budget for the general fund and the major special revenue fund on the modified accrual basis of accounting except that encumbrances that do not lapse at the end of the year are included. Adjustments for these encumbrances are presented in the budgetary comparison schedules in order to reconcile the budgetary basis of accounting to the GAAP basis of accounting.

NONMAJOR SPECIAL REVENUE FUNDS

To account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

<u>Community Development Block Grant Fund</u> - Accounts for revenue and expenditures of the Community Development Block Grant Programs.

Evergreen Terrace II Fund - Accounts for revenue and expenditures related to the Evergreen Terrace property.

Special Service Area Fund - Accounts for revenue and expenditures related to Special Area property tax

<u>Tax Incremental Financing Fund #2</u> – Accounts for revenue and expenditures related to the Tax Incremental Financing District created for the Downtown Development Program.

<u>Tax Incremental Financing Fund #3</u> – Accounts for revenue and expenditures related to the Tax Incremental Financing District created for the Cass Street Redevelopment Program.

<u>Grants and Special Accounts Fund</u> – Accounts for revenue and expenditures related to the Grants and Accounts Fund created to record grant activities.

NONMAJOR DEBT SERVICE FUND

This fund is used to account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest on general long-term debt.

<u>Corporate Bond And Interest Fund</u> - Accounts for the payment of principal and interest on general obligation bonds.

NONMAJOR CAPITAL PROJECTS FUNDS

These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

<u>Neighborhood Improvement Fund</u> - Accounts for expenditures of funds transferred in from the General Fund, and the Waterworks And Sewerage Fund for various neighborhood street improvements.

<u>General Capital Fund</u> - Accounts for expenditures of funds transferred in from the General Fund, and Special Revenue Funds for various capital improvement projects.

<u>Property Improvement Fund</u> - Accounts for expenditures for monies received from taxpayers for their portion of property improvement expenditures.

STATISTICAL SECTION (UNAUDITED)

This part of the City's Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

Financial Trends

These schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the City's most significant local revenue sources, gaming tax and property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the City's ability to issue additional debt in the future.

Demographic And Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources:

Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year.

Beginning in 2011, the City adopted the provisions of GASB Statement No. 54, which required reporting fund balances in new classifications: Nonspendable, Restricted, Committed, Assigned, and Unassigned. The City also consolidated certain special revenue funds into the General Fund. Information was not available to restate prior year amounts.

Source of Information: Illinois Gaming Board

Two casinos operate within the City's municipal boundaries, Hollywood and Harrah's. The City receives gaming taxes from the State of Illinois based on amounts deposited in the State Gaming Fund by the two casinos in accordance with the Illinois Compiled Statutes - the "Riverboat Gambling Act" (230 ILCS 10).

The Riverboat Gambling Act is a complex set of laws governing the operation and taxes related to gaming. The Act provides for the collection of two separate taxes, an admissions tax and a privilege tax, each of which have changed in amounts and percentages throughout the years.

Currently, the City receives an admissions tax - per 230 ILCS 10/12(b), "a municipality shall receive from the State \$1 for each person embarking on a riverboat docked within the municipality".

The City also receives a privilege tax based on the annual adjusted gross receipts received from gambling games - per 230 ILCS 10/13(b), "Beginning January 1, 1998, from the tax revenue deposited in the State Gaming Fund under this Section, an amount equal to 5% of adjusted gross receipts generated by a riverboat shall be paid monthly, subject to appropriation by the General Assembly, to the unit of local government that is designated as the home dock of the riverboat.

Notes:

- (1) Source of Information: Office of Will County Clerk
- (2) The City is a home rule unit under the 1970 Illinois State Constitution and, as such, has no statutory tax rate limitations
- (3) Representative tax rates for other governmental units are from Joliet Township tax code #3011, which represents approximately 35% of the City's 2013 EAV, the latest available.

Total Overlapping Debt			\$	362,323,636
Total Direct And Overlapping Debt			\$	370,033,636

Notes:

- (1) Overlapping debt percentages based on 2012 EAV.
- (2) Includes the Public Building Commission.

Schedule includes the par value of general obligation debt for which taxes may be levied.

Legal Debt Margin Information

The City of Joliet is a "home rule" municipality under the 1970 Illinois Constitution. As a home rule community, the City has no debt limit nor is it required to seek referendum approval for issuance of general obligation debt. The Illinois General Assembly may, by a three-fifths vote, limit debt incurred which is payable through any funds other than ad valorem property tax receipts. When debt is secured through property taxes, the General Assembly may set limits and require referenda.
